### PROFILE SUMMARY

- Versatile and results-driven **Full Stack Developer** with over **14 years** of rich experience in **system analysis, design, and application development**, including **7+ years** of hands-on expertise in **MERN Stack development**.
- Proven track record of delivering **scalable, high-performance web applications** using technologies such as **ReactJS, Redux Toolkit, Next.js, Remix.js, Node.js, Express.js, MongoDB, TypeScript, and AWS**.
- Showcased strong proficiency in developing both **frontend** and **backend** components with a keen focus on **code quality, reusability, and performance optimization**.
- Possesses sound understanding of **SDLC, Agile methodologies**, and **DevOps** practices including **CI/CD** using **Jenkins, GitHub, Bitbucket, and AWS**.
- Skilled in **database management** with **MongoDB** and **Oracle PL/SQL**, and experienced in integrating **third-party APIs**, implementing **GraphQL**, and building **RESTful services**.
- Adept at translating **complex business requirements** into functional, **user-centric applications** across diverse domains such as **Healthcare, Banking, Payment Processing, and Automation**.
- Recognized for **leadership capabilities** with experience managing **cross-functional teams**, driving **requirement analysis, architecture design, implementation, and troubleshooting**.
- Acclaimed for **excellence in client engagement**, delivering **value-added solutions**, and consistently exceeding **stakeholder expectations**.
- Committed to **continuous learning** and **upskilling** to align with evolving **technology trends** and **business needs**.

### CORE COMPETENCIES

Full Stack Application Development	Client Interaction & Stakeholder Management	SDLC & Project Lifecycle Management
Agile Project Execution & Delivery	Application Performance Optimization	Database Maagement Systems
Requirement Gathering & Analysis	Code Review, Quality Assurance & Debugging	Problem Solving & Critical Thinking
Cross-Functional Collaboration	Scalable & Modular Application Development	Continuous Learning & Process Improvement

### TECHNICAL SKILLS

- Frontend:** ReactJS | Redux Toolkit | Hooks | Next.js | Remix.js | JavaScript | TypeScript | HTML5 | CSS3 | MUI (Material-UI)
- Backend:** Node.js | Express.js | Java | GraphQL
- Databases:** MongoDB | PostgreSQL | Oracle PL/SQL
- DevOps / CI-CD / Version Control Tools:** GitHub | Bitbucket | SVN | Jenkins | SourceTree | TortoiseGit | Jules | AIM
- Cloud & Search:** AWS | OpenSearch
- Programming Languages:** JavaScript | TypeScript | Java | C | Pro\*C
- Operating Systems:** Windows | Unix

### TECHNICAL SKILLS

- LSA (Long-term Service Award)** – Received for successfully completing **3 years** of dedicated service.
- Spot Excellence Award** – Honored for handling a **complex business requirement**, closely collaborating with stakeholders to refine and implement the solution effectively.

### WORK EXPERIENCE

Since January 2024 | Paymerang India Pvt. Ltd. & TimeDoc Health (ALDRICH)

Senior Developer

June 2023 - December 2023 | Sailotech

Senior Developer

March 2022 - November 2022 | R Systems

Senior Developer

December 2019 - March 2022 | Optum

Senior Developer

February 2016 - December 2019 | JP Morgan India Pvt. Ltd.

Software Engineer

January 2014 - May 2014 | Capgemini India Pvt. Ltd.

Consultant

May 2014 - January 2016 & January 2011 - December | Polaris Financial Technologies

Associate Consultant

#### Roles across Career:

- Played end-to-end development roles as **Full Stack Developer / MERN Stack Developer**, involving **frontend and backend development**, **API integrations**, **database management**, and **DevOps implementation**.
- Led the design, development, and maintenance of complex web applications using **ReactJS**, **Node.js**, **Express.js**, **MongoDB**, and **AWS Cloud Services**.
- Participated in **requirement analysis**, **solution architecture**, **code reviews**, **bug fixing**, and **production deployments** under **Agile methodologies**.
- Collaborated with cross-functional teams, including **UI/UX**, **QA**, and **business analysts**, to deliver robust and scalable applications.
- Mentored junior developers and managed a team of 6, overseeing task assignments and quality delivery.
- Applied DevOps practices using **Jenkins**, **Git**, **Bitbucket**, **Jules**, and **CI/CD pipelines** for smoother deployments and integrations.
- Interacted closely with business stakeholders and product owners to refine requirements and transform them into actionable development tasks.

#### Projects:

- **TimeDoc Application** – A healthcare platform built using **ReactJS**, **Redux Toolkit**, **Node.js**, & **MongoDB** for managing patient data & clinical workflows.
- **Invoice Automation & Vendor Match** – Developed using **Remix.js**, **React**, **AWS**, **Typescript**, **OpenSearch**, and **PostgreSQL** for automating financial document processing and vendor validation.
- **Test Ensure** – Built using **ReactJS**, **Node.js**, and **MongoDB** for automated testing of software systems at Sailotech.
- **Key Health** – A healthcare application built on the **MERN stack**, focusing on streamlined patient management and care delivery.
- **IRADS & ESRD Projects (UHG)** – Part of healthcare claims and risk adjustment systems, developed using full **MERN stack** technologies.
- **PEAX (Pre-Employment Exchange)** – Built using **MERN stack** at JP Morgan to digitize onboarding and pre-employment processes.
- **TRIMS, CitiSafe, Barclays Data Migration** – Focused on **trade and finance systems**, and **data migration** projects using **Oracle PL/SQL** and **Proc** at Polaris and Capgemini.
- **TSYS Projects** – Worked on **credit card** and **payment processing systems**, acting as a **DB and Proc Developer** to support backend logic and batch processes.

#### EDUCATION

- **B.Tech in Computer Science and Engineering**  
Tirumala Engineering College (Affiliated to JNTU, Hyderabad)  
**Year of Completion:** 2010

#### Certifications:

- **Oracle Certified Java Professional**  
Issued by Oracle in **2010**

#### PERSONAL DETAILS

- **Date of Birth:** 18<sup>th</sup> August, 1989
- **Languages:** English, Hindi and Telugu
- **Location:** Hyderabad
