CORE AREAS OF EXPERTISE:

- Building reusable UI component
- Managing application state using tools like Redux or Context API
- Interacting with and modifying the Document Object Model
- Project Management
- Error Handling
- Disciplines Coordination
- Contract Management
- Operational Excellence
- Process Improvement
- Liaison & Coordination
- Team Management
- Leadership Acumen

LEADERSHIP BENCHMARKS

- Dynamic executive leadership career in strengthening and adding value to the functions, providing operational insight.
- Thrives in deadline-driven environments, working effectively in an independent and team environment.
- Proven ability to utilize inspiring leadership, personal drive, creative vision, and analytical skill to yield successful delivery of both team & individual goals, contributing to organizational growth.

EDUCATION CREDENTIALS

- Masters of Computer Science Engineering from Jawaharlal Nehru Technological University in 2015 (India)
- Bachelors of Computer Science Engineering from Jawaharlal Nehru Technological University in 2013

MOHAMMED ABDUL SHAHBAZ

Contact No.: +91-8341602507 | **Email: mashahbaz2000**@gmail.com

SOFTWARE DEVELOPER

"Targeting new heights of success with integrity, hard work & dedication, and leaving a mark of excellence on every step with a company providing continuous learning and development opportunities."

SNAPSHOT PROFILE

- **Accustomed and Diligent Computer Science Engineer** with chronicle success of 8 years in the areas of HTML5, CSS3 JavaScript, TypeScript, ES6, ES7, jQuery, Bootstrap, React, Vue Js, Redux, Agile methodology, UI/UX Design, Graph QL, React-Native, webpack, react-router, react-router-Dom, styled-components, Material-UI, Tailwind CSS, Node.js, Mongo DB, Express, WordPress, Php, Shopify, Python,Laravel & Postman.
- **The distinguished history** of surpassing quality, safety, and objectives while directing overall phases of major projects. Strategic thinker with a track record of finalizing projects within the stipulated time and budgets while delivering outstanding excellence.
- **Deep expertise** in implementing the best practices & deploying the appropriate application of the project management process concerning analyzing information and daily functioning to facilitate seamless communication of all relevant technical and non-technical information across the organization.
- **Experience** in delivering high-quality, professional services by providing direction, guidance, and advice on matters related to UI and front-end design.
- **Demonstrated history** in managing different phases of project operations. Capable of handling multiple projects at a time with minimum supervision. Motivated to provide the highest quality of services throughout several projects.

WORK EXPERIENCE

June 2019 – July 2024 with Cosmicvent Software Pvt. Ltd, Hyderabad, India as Software Developer

Key Deliverables:
- Create / Setup a React application with to a NodeJS server which handles routes for both front end and backend (API).
- Created NodeJS routes / Node wrapper service which can handle API calls using axios from API end points.
- Created test case for the NodeJS services.
- Creating Reusable components utility functions.
- Collaborated with other parts of product development team including the back-end API team.
- Involved in discussions to formulate algorithm and solutions.
- written test cases for components and functions.
- Implemented API calls using asynchronous redux library like redux-thunk.
- Use axios library to handle API calls.
- Implemented redux synchronous and asynchronous actions and proper global state management.
- Consume and Parse the JSON data from API response.
- Followed Agile methodology.

Project Handled:
- Cosmicvent EStore (R&D)– Hyderabad, India

CERTIFICATE/LICENSE

Professional Course **MERN** Stack Developer (INDIA).

React and modern JavaScript

covers hooks, contexts, and advanced components, offered by Udemy

TECHNICAL PROFICIENCY

Well-versed with React Js, Redux, HTML, JavaScript, Web API, jQuery, Bootstrap & Node JS, C#, .Net MVC, SQL Server,Python

PROJECTS HANDLED

- Cosmicvent eStore (R&D) (India)

Feb 2016 – May 2019 with Shadan College of Engineering, Hyderabad, India as Assistant Professor

- Giving lectures on C, C++, Python, AI-ML, DL, DS, Web Technologies etc.
- how to conduct R&D in the IT industry, and how to debug programs.
- Present complex engineering concepts in a clear and understandable manner.
- Tests are conducted every week.
- Provide guidance to students in the completion of practical assignments and projects.
- Work with other faculty members and department staff to coordinate teaching schedules, curriculum, and student assessments.
- Participate in department meetings, committees, and events.
- Ensure compliance with university policies and standards, maintaining academic integrity and fairness in assessments.
